

## HOT FARM TRACTORS to hook at nine USA-EAST events

*New Members should mean larger numbers in 2020*

The Hubner Seed sponsored Hot Farm division is going to enjoy another full season of pulling in 2020 with USA-EAST Sled Pulling. Nine events are slated for this summer each allowing competitors to gather points in the Hubner Seed Series culminating with a points

championship at season's end with great end-of-season point fund money on the line. The 2020 season will begin in early July at the Big Butler Fair in Prospect, Pennsylvania. A 'double-header' is slated for the Hot Farms on Saturday, July 11<sup>th</sup> as the class pulls in the afternoon session at the Trumbull County Fair in Cortland, Ohio and then treks south to Beloit, Ohio for the "Bunker Hill 'Shoot-Out' in the evening session. The class will make its first-ever appearance at the Somerset County Fair in Meyersdale, PA on August 22 this year. The finals for the class will be on Labor Day at the Great Stoneboro Fair in Stoneboro, Pennsylvania.

Shayne McFarland from New Wilmington, Pennsylvania took the crown in 2019 with his beautifully prepared John Deere named the "Rutt N' Buck" with an almost perfect season of pulling. There was serious talk of that machine moving to Super Farm in 2020 in order to pull along side his father, Brad, who is already in the SF division with "Untamed". This is yet to be seen.

###

Full Pull Productions, Inc. was created in 1987 as a production company for the sport of Tractor and Truck Pulling. In 1991 the Big Rigs Pulling Series was added to this mix in order to bring modified semi truck pulling under this same umbrella. And in 2005 our in-house sanctioning body named USA-EAST Sled Pulling was created.
